At Finnegan Health Services, we are busy converting our PASSE patients out of their old Medicaid insurance and into their new PASSE insurance. It's a lot of work and we are fully dedicated to having each patient handled correctly.

Finnegan Health Services is proud to be a member of every PASSE in Arkansas as a way to best serve our patients and YOU, the case managers, doctors, nurses, and physician assistants out there.

Our job has ALWAYS BEEN to make your work easier. It's what we do and have always done.

You may have heard of the PASSEs out there-

Empower Healthcare Solutions

Finnegan Health Services is an approved in-network provider with all three of the PASSE organizations.

What Is A Passe?

The Provider-led Arkansas Shared Savings Entity (PASSE) is a model of organized care created by Act 775 of 2017 to manage the services of individuals with developmental disabilities and behavioral health needs. This is a service for high-need tier II and tier III medicaid recipients. These three companies will provide all Medicaid covered services to cover approximately 43,000 Medicaid-eligible individuals.

Rest assured, we know what we are doing at Finnegan Health Services with 34 years of experience and counting. We have handled the intricacies of Medicaid, Medicare, and Private Insurance since the start.

We provide to our patients:  
incontinence diapers and pull-ups  
diabetic testing  
Catheters  
enteral and oral nutrition & feeding tubes and pumps  
bath safety products  
Insulin pumps  
& So Much More.
